+91 9777523059 dashankit58@gmail.com

Bangalore, Karnataka

## SKILLS

- Programming Languages Java
- Database: MySQL, Oracle SQL
- Web Technologies: HTML, CSS, JavaScript, React.js
- Core Subjects: DBMS, OOPs,
- Software Engineering

## EDUCATION

### Bachelor of Computer Applications (BCA)

Garden City University, Bangalore  
2023 - Present  
CGPA: 9/10

## CERTIFICATES

- Introduction to Web Development  
University of California, Coursera
- Databases and SQL for Data Science with Python  
IBM, Coursera

## LANGUAGES

- English
- Hindi

## STRENGTHS

- Problem-solving
- Quick learner
- Strong fundamentals
- Team player

## SUMMARY

Motivated BCA student with a passion for software development and technology. Quick learner with hands-on project experience, strong problem-solving skills, and a commitment to building practical solutions. Seeking an opportunity to contribute, learn, and grow professionally in a dynamic organization.

## WORK EXPERIENCE

### JAVA Frontend - Elecsis Infotech DEC 15 - MAR 24

- Gained hands-on experience in frontend web development using HTML, CSS, JavaScript, and React.js.
- Developed responsive and interactive user interfaces with a focus on usability and performance.
- Worked with modern frontend concepts, including component-based architecture and state management.
- Built and deployed web projects, enhancing practical knowledge of web application development and user experience design.

## PROJECTS

### Tic Tac Toe Game:

- Developed an interactive browser-based Tic Tac Toe game using HTML, CSS, and JavaScript.
- Implemented player turn management, game logic, and win/draw detection functionality.
- Designed a responsive and user-friendly interface for seamless gameplay across devices..
- Enhanced JavaScript programming skills through DOM manipulation and event handling.

### Currency Converter:

- Developed a real-time currency converter using HTML, CSS, and JavaScript.
- Implemented dynamic exchange rate handling for accurate currency conversion.
- Added user input validation to ensure reliable and error-free conversions.

## TRAINING

### Java Full Stack Development - JSpider -Pursuing

- Enhancing Java programming skills with a focus on object-oriented programming and application development.
- Developing an understanding of core Java concepts, including classes, objects, inheritance, polymorphism, and exception handling.
- Gaining exposure to software development practices and industry workflows.
- Gaining familiarity with real-world software development environments.
